

GLX[®] 6x MAGNIFIER
MANUAL

THANK YOU FOR CHOOSING THIS PRIMARY ARMS OPTIC.

If you have any questions about your new optic or any of our other products, visit us at www.primaryarmsoptics.com, email us at info@primaryarmsoptics.com, or give us a call toll-free at 855-774-2767. The customer service team at our headquarters in Houston, Texas will respond promptly.

If you have any problems with a Primary Arms product, we urge you to contact us immediately and let our customer service professionals handle the situation for you. There is no need to return your optic to the retailer.

*View back cover for lifetime warranty information.

CENTERING THE DOT & DIOPTER ADJUSTMENT

The magnifier has internal windage and elevation adjustments to center the dot. If the red dot seems off-center, you can easily make adjustments.

Once the magnifier is properly installed, you can move the visible location of the dot by rotating the two adjustment screws located on the top and right side of the magnifier.

If resistance is felt, you may be at the end of travel. Do not force the screw any further.

With these adjustment screws, you can get the dot close to the center. The point of

impact will not be affected if the dot is not perfectly centered.

Setting the diopter ring at the rear of the eyepiece is the critical first step to successful precision shooting. Looking at a featureless light background like a clear blue sky or blank wall, the reticle should appear sharp and crisp. If it does not, you need to make adjustments by turning the ring. Look through the magnifier with quick glances and adjust until the reticle is clear at first glance. This is a one-time adjustment. Because everyone's eyes are different, the ideal adjustment will vary from person to person.

6x MAGNIFIER SPECIFICATIONS

Magnification: 6x	Objective Lens Diameter: 21 mm	Exit Pupil: 4.6mm	Eye Relief: 2.5 in.
Field of View: 19.1 ft. @ 100 yards	Length: 4.3 in.	Weight: 7.2 oz.	Click Value: 1 MOA
Windage Adjustment: 80 MOA	Elevation Adjustment: 80 MOA		

Specifications may vary and are subject to change without notice.

With the GLx 6x Magnifier, you can achieve the reach and precision of a rifle scope without sacrificing the close-quarters performance of your red dot or MicroPrism. Weighing only 7.2 ounces, the GLx 6x Magnifier is lightweight and compact, but its high-quality glass makes it easy to identify and engage targets at extreme distances.

- Full 6x Magnification with Premium Glass
- Lightweight, Compact Design
- Rugged 6061 Aluminum Body
- Includes FTSM Mount
- Compatible with Most 2-Screw Magnifier Mounts
- Backed by a Lifetime Warranty

LENS CARE

Please do not use any organic solvent such as alcohol or acetone on your optic. First, blow dust or any foreign objects off of the lens. Then, use a soft cotton or microfiber lens cloth to clean any

fingerprints or smears off the lens. Alternatively, you may use a piece of professional lens paper for further cleaning, if necessary.

 **WARNING:** Always ensure your firearm is unloaded (chamber empty and magazine removed) before installing optics or accessories.

 **WARNING:** Improper installation of firearm parts or accessories may result in death or serious personal injury. If you are not properly trained in the installation of these parts, have them installed by a gunsmith or armorer.

 **WARNING:** This product contains a Button or Coin Cell Battery. A swallowed Button or Coin Cell Battery can cause internal chemical burns in as little as two hours and lead to death. Dispose of used batteries immediately. Keep new and used batteries away from children. If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention.

REMEMBER: THE FOUR RULES OF FIREARMS SAFETY

1. Treat every firearm as if it were loaded.
2. Never let your muzzle cover anything you are not willing to destroy.
3. Keep your finger off the trigger until your sights are on target.
4. Be sure of your target and what is behind.

LIFETIME WARRANTY

Your Primary Arms GLx 6x Magnifier is covered by the Primary Arms Lifetime Warranty. If a defect due to materials or workmanship, or even normal wear and tear has caused your product to malfunction, Primary Arms will either repair or replace your product. You can find more details about our lifetime warranty at www.primaryarmsoptics.com.
